Stanley Thompson

Thomas MacBroom

Two Course Legends.

One Legendary Course.

Separated by 70 years but united in expertise, the creativity and cunning of world-renowned architect Stanley Thompson and contemporary artisan Thomas MacBroom combine to give you the new Green Gables Golf Course. Renewing Thompson's 1939 design, MacBroom has returned to the elements that made the original a masterpiece while adding his own signature touches. It's a rare pairing that follows through with legendary results.
